#### THE WINGATE COLLEGE SEAL

The seal of Wingate College is a shield. As long ago as Bible times, a shield bore distinctive marks of identification. In the Old Testament, "God is a shield" (Psalm 18:30), and in the New Testament, "faith is a shield" (Ephesians 6:16).

The enduring symbol of Christian faith is the cross upon which Jesus Christ died.

The lamp is a traditional symbol of learning, as light from the lamp illumined the scholar's pursuit of truth.

The laurel wreath symbolizes honor and achievement.

Faith. Knowledge. Service. A Wingate education seeks to encourage a student to a mature Christian faith; to develop knowledge of which God is the author; to energize faith and knowledge in useful service to God and humankind.

#### NONDISCRIMINATION POLICY

Wingate College is operated on a nondiscriminatory basis. Wingate College abides by the provisions of Title VI of the Civil Rights Act of 1964, Title IX of Educational Amendments of 1972, and the Rehabilitation Act of 1973, Section 504.

Wingate College is in compliance with the provisions of the Family Educational Rights and Privacy Act of 1974. A copy of the Act and the College Policy concerning Student Educational Records and Information are on file in the Office of the Vice President for Student Development, and the Office of the Registrar.

Colleges and universities have specific requirements which must be met before a degree can be granted. These requirements involve particular courses and curricula, residence on campus, grade point averages. Advisors and deans are happy, upon request, to help students meet these requirements and to maintain accounts of their progress. A student's official record is available to him at any time during normal office hours in the Office of the Registrar. The responsibility for meeting the requirements for a degree rests with the individual student. If all requirements are not completed, a degree cannot be awarded. Therefore, it is important for the student to acquaint himself with all College requirements and to make progress toward meeting them.

Information contained in this catalog is accurate as of the date of publication. Wingate College reserves, however, the right to make such changes in educational and financial policy — due notice being given — as the Wingate College Board of Trustees may deem consonant with sound academic and fiscal practice. The college further reserves the right to ask a student to withdraw at any time.

# **Statement Of Purpose**

Wingate College exists to afford students educational opportunity in a setting characterized by Christian sensitivity and moral responsibility. The College seeks to relate the theories, data, and competencies of the curriculum to the cultural and interpersonal experiences of college life; and to lead the student to confront great moral issues. The college community promotes personal resolution of life's great issues, drawing on the wisdom and humane learning, the rigor of logical reasoning, the discipline of scientific observation, and the truth of Christian faith.

Wingate College assumes seriously its responsibility to the Christian faith, to churches, and to its covenant relationship with the Baptist State Convention of North Carolina. Students, faculty and administrators foster a sense of community which finds expression in responsiveness to the wider family of constituents: parents, alumni, churches, donors, local citizens, friends and others.

Wingate College pursues excellence in every aspect of college life. But since the College cannot be faithful to its mission by being all things to all persons, limits are necessary in order to concentrate resources for optimum results in chosen endeavors.

As the student population is drawn predominantly from the Carolinas and the Southeast, concern for broadened horizons and world awareness receives special emphasis. Opportunities for international experience and exposure to world issues are a significant component of a Wingate education.

The ultimate goal of Wingate college, past, present, future, is to be a person-centered community where truth is sought and revered in an atmosphere of Christian truth and loving concern.

Adopted 1978 Revised 1982

# History

Wingate College is located in the village of Wingate, four miles east of Monroe and twenty-eight miles southeast of Charlotte on Highway 74. Monroe, the county seat of Union County, has a population of approximately 15,000. Wingate is in the heart of the Piedmont Carolinas with the scenic Appalachian Mountains to the northwest and the Atlantic Coast with its beaches to the east.

Wingate is one of seven colleges in North Carolina supported by the churches of the Baptist State Convention. Since 1947 Baptists have participated in the growth and development of Wingate by electing trustees to govern the college, by generous financial support through the Cooperative Program, and by sending young men and women into its academic program.

The college had its beginning in the establishment of the Wingate School in October 1895, by the Union Baptist Association. The institution, intended by its founders to be a "school of high grade," first opened its doors in 1896 under the principalship of M. B. Dry. The chief administrators of Wingate have been:

M. B. Dry	1896-1908
B. Y. Tyner	1908-1911
Grover Carroll	1911-1918
Patty Marks	1918-1919
C. M. Beach	1919-1924
J. B. Huff	1924-1930
Coy Muckle	1930-1936
J. B. Little	1936-1937
C. C. Burris	1937-1953
Budd E. Smith	1953-1974
Thomas E. Corts	1974-1983
Paul R. Corts	1983-

From the outset, the purpose and mission of Wingate was clear, as revealed by a statement in the 1898 catalogue:

The founders of the Wingate School were men who saw far into the future and whose motives were not those of mere self-interest or self-aggrandizement. They saw that all over our country boys and girls were growing up into manhood and womanhood without the requisite moral, religious and intellectual training to fit them for the great duties and responsibilities of life. Their hearts and their minds went out toward them, and the Wingate School was the result. But the great and over-shadowing purposes of the establishment of this school was to make it a Christian school. And this is what The Wingate School professes to be. It is not the purpose of the school, however, to teach denominationalism. The chief aim is to surround the school with an invigorating religious atmosphere to give tone to its life.

In 1923, Wingate added a college level division to its preparatory curriculum. The college gained accreditation by the Southern Association of Colleges and Schools in 1952. Wingate inaugurated baccalaureate programs in the Fall of 1977 and, in 1979, received full accreditation as a senior college.

### **Student Financial Aid**

Wingate College welcomes the opportunity to aid students who require financial assistance in meeting the cost of attending Wingate. Both dependent and independent students file the Financial Aid Form (FAF) or Family Financial Statement (FFS). The college requires the institutional application form to start the student's financial aid file at Wingate. Students who apply for aid are expected to file for a Pell Grant. Timely application and input accuracy for all forms are expected, since forms are subject to review and audit.

Financial aid programs vary as do needs of students. Some provide outright grants, some involve part-time jobs to enable the student to earn a portion of college expenses, and some make possible deferred loan payment. Awards are based upon evidence of need and academic potential. Awards are generally renewable if the student maintains a satisfactory scholastic average and demonstrates need on the renewal application. Certain scholarships have additional specific requirements (consult the Assistant Director of Financial Aid for details). To maintain a financial aid package during the academic year, a student must make satisfactory academic progress.

Awards are applied to costs of attending Wingate. Pell Grant credits can be made to the student, if the account is clear. Under these circumstances, the student uses this money to defray the expenses of books and transportation. College work-study earnings are available to the student under the same conditions.

Overawards, involving state, federal, or institutional scholarships, usually result in the award being reduced to agree with the need and amount owed by the student on his/her account. The apparent inequity of some students receiving refunds of credits and others having awards reduced is due to the various requirements for administering financial aid programs.

Several of Wingate's financial aid programs are described below. Other funds for scholarships or loans are available for worthy students in many fields of study. These funds have been established by corporations, foundations and individuals.

Federal and State funding depends on actual allocations received through these sources and are subject to change.

### State and Federal Aid Programs

North Carolina Legislative Tuition Grant: The State of North Carolina provides a grant to each North Carolina resident enrolled in a private college in the state as a full-time undergraduate student. An application is required for this grant. The amount available to students in 1983-84 is \$750.

North Carolina Contract Scholarships: Funds for these scholarships are made available by the State of North Carolina to aid North Carolina residents attending private colleges in the state. They vary in amount according to the need of the student as determined by need analysis.

Pell Grant: A student may receive a grant of up to \$1,600 minus the amount the student and the family are expected to contribute toward the student's education.

Supplementary Educational Opportunity Grant: Direct awards are made to full-time students who show financial need. Awards vary, depending on family resources and college costs.

College Work Study: In this joint federal-college program, part-time employment is made available to students to help pay educational expenses. Students must be enrolled or accepted for full-time enrollment. Students may work up to a weekly average of 15 hours while attending college. The basic pay is the minimum wage rate.

# Ministerial Dependent's Grant

The Ministerial Dependent's Grant at Wingate College grants the spouse, child, or legal dependent of ordained Baptist ministers, \$1,500 per year in financial aid. It is renewable each year contingent upon maintenance of good standing. If the student and the family

Academic Probation is determined by the cumulative grade point average which a student earns on credit courses. At the conclusion of a semester, the Vice President for Academic Affairs and Dean will notify the student by mail if the cumulative average is below the minimum. In such case, the student will be placed on academic probation for the next regular semester. Probation is determined only on the basis of permanent grades at the conclusion of a semester; mid-semester progress reports are not included in grade-point calculations.

The minimum cumulative averages are:

Semester Hours Attempted	Minimum Average
1-27	1.4
28-56	1.6
57-86	1.8
87-above	2.0

A student must have a 2.0 cumulative grade point average to qualify for the Associate and/or the Baccalaureate degree.

A student who is on academic probation at the end of two successive semesters will be academically ineligible for the next semester. A student who fails all hours attempted will be ineligible to enroll for the next semester.

Students who are academically ineligible may apply for readmission through the Vice President and Dean of the College for review of their records by the Committee on Academic Affairs.

When it becomes clear to college personnel that a student has forfeited academic responsibility by:

- persistent failure to complete classroom assignments;
- 2. habitual class absence; or
- 3. disruption and disturbance of fellow students.

the student may be asked to withdraw from the college. Appeals relative to enforcement of this policy may be made through the Vice President and Dean of the College to the Committee on Academic Affairs.

#### **Academic Honors**

Students are recognized by the college community for academic excellence. Each semester a Dean's List includes those students who have earned a quality point average of 3.3 on at least 12 academic hours and have no grade below a C.

At commencement, students with a cumulative average of 3.5 or higher are graduated with honors as follows:

Summa cum laude 3.9 and above Magna cum laude 3.65 to 3.899 Cum laude 3.5 to 3.649

#### Classification

A student is considered a freshman upon entry into college and is classified as a freshman until 28 semester hours have been completed. A student is classified a sophomore upon completion of 28 semester hours; a junior upon completion of 57 semester hours; and a senior upon completion of 87 semester hours.

#### Status

A student who carries 12 semester hours is considered a full-time student.

# **Advising**

Each student has an adviser who helps plan the student's academic program and who is available for personal guidance. Freshmen are assigned faculty and student co-advisers to assist with unique freshmen concerns.

Advisers help students develop individual academic programs which include Wingate's specific degree requirements and the student's career objectives. While advisers have resources to aid students in academic planning, the responsibility for meeting the requirements of a specific degree rests with the individual student.

The Director of Career Planning and Placement is available to advise regarding academic and career planning.

Pre-professional advisors in the sciencerelated professions and in law help students select majors, minors, and electives which will provide adequate preparation for professional post-baccalaureate study.

#### Electives

The student and adviser should plan carefully electives which complement the desired major. Electives may be chosen from any course offered in the college provided prerequisites are met. A student should consult with the adviser in choosing electives which will meet degree and career objectives.

# Registration and Change of Courses (Drop-Add)

Student should plan their programs of study in close consultation with their faculty adviser. Then, prior to each registration, students plan their course work accordingly. Programs of study include Wingate's requirements and fit the individual's total educational plan.

A student may add a new course during the first week of a semester and receive full credit, provided he has the permission of the registrar and makes up the work to the satisfaction of the faculty member.

A student may withdraw from a course at his discretion up to three weeks prior to the beginning of final examinations and receive a "W" provided he:

- maintains his standing as a full-time student;
- 2. secures the approval of his adviser, the faculty member, and the registrar.

A student who drops a course less than three weeks prior to the beginning of final examinations will receive a "W", if passing, or "WF", if failing.

After the tenth day of classes, a student will not be refunded money for courses dropped.

Should a student drop a course at any time without official approval from the registrar, he will receive an "F".

## **Withdrawal From College**

Any student voluntarily leaving the college before the close of the term must withdraw officially. The student initiates the withdrawal procedure in the Office of the Registrar. The withdrawal form must be signed by the various college officials listed on the form. The withdrawal process is completed at the Business Office. A student who has settled all accounts with the College will be given an honorable dismissal. A student who withdraws after three weeks prior to the beginning of final examinations will receive as grades a "W" (withdraw passing), if passing, or "WF" (withdraw failing), if failing.

#### Class Attendance

Regular class attendance is a student's obligation and a student is responsible for all the work, including tests and written work, of all class meetings.

Each faculty member defines his own absence policy and so informs students on the first day of classes. Students who represent the college at officially recognized activities are responsible for making necessary plans for class absence with each professor in advance of the absence.

The college maintains the regular schedule of classes throughout the semester. Classes are not cancelled due to inclement weather (i.e. snow, sleet) and students are responsible for all the work of class meetings missed due to inclement weather.

**Evaluation and Grading** 

Students are evaluated continually during the semester and grades are assigned at the conclusion of the course. Final examinations are given on work covered during the entire semester.

The following grading symbols are recorded:

A — Excellent

B — Above average

C - Average

D — Passing

F — Failure

P — Pass (for courses offered on P-F basis)

H — Pass with honors (for courses offered on P-F basis)

I — Incomplete (see below)

W — Withdrawal passing

WF — Withdrawal failing

Minus (-) and plus (+) may be attached to each grade of "A", "B", "C", and "D" but do not affect the quality points assigned for those grades.

The grade of "I" indicates that some require-

ment of the course is not yet complete. A student receiving an "I" is expected to initiate steps with the instructor to change these grades. A grade of "I", which has not been changed before 30 days of the next regular semester have elapsed becomes an F. An extension may be granted by the Vice President for Academic Affairs and Dean upon written request of the instructor.

Progress reports indicating courses on which the student is earning less than a "C" are issued at the middle of the semester to Freshman and Sophomore students. These do not become a part of the permanent record. Grades issued at the end of each semester make up the student's transcript.

Records of progress are kept by the college on all students and grades are issued at the end of each semester.

A student may not register for a course which he has previously taken and earned a grade of "C" or above. Any course in which a grade of "D" or "F" is received may be repeated. Credit toward the degree (hours credit) may be received only once; however, the hours and quality points represented by each attempt will be included in the grade point average.

The student's grade point average is calculated by dividing the quality points received by the number of hours attempted. The grade of "A" carries four quality points per credit hour, a "B" three, a "C" two, and a "D" one quality point.

A course in which credit is given on a P-F basis is not counted as hours attempted if the student earns a "P". It is counted as hours attempted if the student earns an "F". An average grade of "C" (2.00) on all hours attempted is required for graduation.

### **Transient Study**

Wingate students who wish to take a course or courses at another institution and transfer that credit to Wingate should obtain permission from the Registrar's office prior to taking the course. Permission is generally not given to students to take required courses at another institution. A student must have a cumulative 2.0 average to obtain permission to take a course at another institution and trans-

fer the credit for that course to Wingate College.

While transfer credits are accepted from other institutions, course work taken at other institutions does not raise a Wingate student's cumulative grade point average.

#### **Transcripts**

The official academic record (transcript) for each student is maintained in the Office of the Registrar. A student has access to the record during normal office hours.

A student may receive copies of the transcript for personal use or may request the transcript be mailed. Such requests must be made in person or in writing. The first copy is free; additional copies are \$2 apiece.

Transcripts will not be released if the student's account with the college is delinquent.

#### **Auditing**

Student may audit courses with the permission of the faculty member and the Registrar and upon payment of a \$50 fee. This fee is not refundable if the student withdraws from the course for any reason. Audit status may be changed to credit status only within the first four weeks of the semester and upon additional payment of tuition required for part-time credit or overload credit, if either applies. (See page 18.) This change requires approval of the faculty member and the Registrar.

# Foreign Study and Travel — Credit

Students participating in programs of international travel and study under authorized leadership may apply for elective academic credit. A copy of itinerary and/or transcript must be filed with the Registrar. Credit is determined by the Registrar.

# Charlotte Area Educational Consortium

Wingate participates, with ten other institutions of the greater Charlotte area, in an educational consortium. The purpose of the consortium is to facilitate cooperation and to make available to students at member institutions opportunities available on other member campuses.

Wingate students enrolled as full-time students may take courses offered on the campus of ten other Charlotte area cooperating schools. Cross-registration is done on a space-available basis on the campuses to be visited and the students are not required to pay additional fees.

Wingate students provide their own transportation. Details for cross-registration are available from the registrar.

#### **Independent Study**

Independent study involves an arrangement between a student and a professor approved by the student's adviser for exploration of a particular subject or topic. The arrangement is normally initiated by the student who has in mind specific goals.

Candidates for the baccalaureate degree are encouraged to complete one course of independent study; some programs require at least one course of this nature. Each division offering a baccalaureate program has a course numbered and identified as independent study. The course may count toward the requirements for the major or as an elective, if a student wishes to pursue independent study in a non-major area.

Each independent study arrangement must be approved both by the chairperson of the division in which the student is doing the study and the Vice President for Academic Affairs and Dean at least 30 days prior to the onset of the study itself. Ordinarily, a student may enroll in only one three-hour independent study each semester. A 2.00 cumulative quality point average is required for all students engaging in independent studies.

Students whose preparation and experience offer the opportunity for a highly individualized baccalaureate program may, in consultation with the adviser, present for approval a program with a large component of independent study. Students whose baccalaureate plan includes more than nine hours of independent study in addition to a maximum of 12 hours in a practicum, field experience, internship, etc. must submit an out-

line of their total baccalaureate program to the Academic Affairs Committee for approval.

# Practicum, Field Experience, and Internship.

Baccalaureate programs at Wingate College may include practical experience as a major constituent. Plans for practicums should be made with both academic competency and career plans in mind. Experience should integrate various elements of the student's academic program. This experience should be planned by the student and his adviser, and approved by the Vice President for Academic Affairs and Dean at least 30 days prior to the beginning of the experience. Credit may vary from 3 to 12 semester hours, depending upon the nature of the experience, its intensity, and/or duration. This determination will be made by the student, the adviser, the divisional committee on independent study and practicums, and the Vice President for Academic Affairs and Dean.

The student pays tuition and housing charges for the duration of the practicum. He is not required to pay the board fee for this period unless he is residing full-time on campus. If the student is only coming to the campus for various periods of evaluation, he may take meals in the dining hall on a per meal basis.

#### **Summer Session**

In summer session, a student may complete up to 6 semester hours per term. No refunds are made during summer enrollment.

The same high standards of the college are maintained with regular faculty members serving as instructors. Living accommodations and recreation facilities of the regular session are available.

For information concerning admission, course offerings and other matters contact: Director of Admissions, Wingate College, Wingate, North Carolina 28174.

## Evening Courses

Opportunity is offered for students to take courses for college credit or personal enrichment during evening hours. Evening courses are generally taught by full-time faculty. For information concerning admission, course offerings and other matters, contact Director of Admissions.

# Special Information and Regulations

#### Wingate Winternational

Wingate College offers a unique study-tour program, "Winternational," which makes available an international experience each year to qualifying sophomores. Winternational seminars begin in the fall and culminate in a study-travel opportunity of approximately ten days in another country during the Christmas recess. The college covers basic costs of transportation and lodging, with the aim that a student should be able to participate in Winternational at little additional cost above personal expenditures.

Conditions of participation in the Winternational seminar and the travel-study experience are: sophomore classification; completion of three full-time semesters at Wingate; maintenance of a 2.0 grade point average; high standards of character motivation and personal citizenship; successful completion of the fall semester seminar; payment of all debts to the college and payment of the deposit for the spring semester following the program. These conditions of participation are not waived under any circumstances by any agent of the college.

## Honors Program

The honors program at Wingate College challenges students of exceptional ability.

Admission to the honors program for entering freshmen is by invitation from the Vice President for Academic Affairs and Dean on behalf of the Committee on Academic Affairs which oversees the honors program. Entering freshmen are selected on the basis of Scholastic Aptitude Test scores, high school records and rank-in-class, and other information supporting the ability and maturity of the student. Exceptional students who are not in the honors program and have a grade point average of 3.0 on all work attempted and 4.0 grade point average on specific sub-

jects in which they wish to pursue honor work and have no grade below a C may be invited to join the honors program or may request permission to join from the chairperson of the division that offers honors courses they wish to take. Students should not, however, register for more than two honors courses during a semester.

In-Course Honors. Students with a grade point average of 3.0 with no grade below C may request permission from professors to earn honors credit in a regular class by submitting proposals for extra work and projects in return for special attention and conferences. Proposals must be approved by the division in which the honors work will be done not later than three weeks after the beginning of a semester and must meet all guidelines of the division. Students who earn honors credit will have it so designated beside the course number on their transcripts and grade reports. (Example: History 202H, Math 330H.) Professors may have not more than four students doing work in honors during a semester.

Honors Designations: Students who complete 18 hours of honors work in a specific academic major with at least 9 of the 18 hours 300 level or above and have a minimum grade point average of 3.5 on the 18 hours will have an honors notation with subject placed on their transcripts. (Example: "Honors in History.")

Descriptions of the specific honors courses offered by the College are listed in this catalog under their respective subject areas.

## **Composition Remediation**

Proficiency in the use of the English language is recognized by the faculty as a requirement in all divisions, and writing assignments are used extensively throughout the curriculum. Faculty members consider deficiencies in the use of English in determining the final grade in both oral and written assignments. A **composition condition**, indicated by **cc** beside the final grade in a course, may be assigned in any division to a student whose writing is unsatisfactory, regardless of previous credits in composition. Any sophomore, junior, or senior receiving a

cc from at least two professors prior to his last semester of senior year will be required to take and pass English 100 the first semester it is offered after the student receives a second cc. Removal of the deficiency is required for graduation. The registrar will inform the student, his advisor, and the Chairman of the Humanities Division of cc notations at the end of each semester. This policy becomes effective January, 1984.

#### Overload

Five courses (15-16 hours) are considered a normal course load. A student may take 18.5 hours at his discretion. Permission to take more than 18.5 must be granted by the Vice President for Academic Affairs and Dean or the Registrar. This permission is not given to students with less than a 2.0 cumulative grade point average.

After the tenth day of classes, a charge of \$86 is assessed for each hour about 18.5. There is no refund of this fee.

#### R.O.T.C.

Wingate College has a cooperative program with Davidson College under which Wingate students may enroll in the US Army Reserve Officers' Training Program (ROTC). Both men and women are eligible for this program and must travel to either the Davidson College campus or to the Charlotte Reserve Center to take instruction and training.

Wingate College also offers the voluntary Air Force Reserve Officers Training Corps (AFROTC) Program in cooperation with UNC at Charlotte within the terms of the existing agreements between member schools of the Charlotte Area Educational Consortium. The program is available to all students with at least two years of education remaining.

Detailed information on these programs is available in the Registrar's Office and from the Department of Military Science, Davidson College, Davidson, NC 28036.

## **Credit By Examination**

Students may earn a maximum of 30 hours toward the baccalaureate degree by examination.

A maximum of 15 hours may be earned by

satisfactory scores of three, four, or five on the Advanced Placement of College Entrance Examination Board (CEEB) achievement tests, or for college level work completed at an accredited college while the student is enrolled in secondary school. An additional 15 hours may be earned on College Level Examination Programs (CLEP). Wingate will allow credit for a maximum of 15 hours for DANTES courses which are compatible with the curriculum of Wingate College and on which the student score ranks at the minimum of the fiftieth percentile of his testing group.

Credit by departmental examination is available for full-time students enrolled in any course that Wingate College teaches, subject

to the following restrictions:

1. A student may earn no more than 6 hours credit by departmental examination in any given semester.

- A full-time student may request the opportunity to demonstrate his proficiency at any time prior to mid-term.
  Before an exam is given, he must pay a \$25 non-refundable fee to the Business Office. If proficiency is demonstrated in the first week of classes in any semester, the student will be permitted to enroll in another course.
- Students enrolling in another course in a given semester will pay a fee of \$86 for each credit hour over 18.5 if the total credits attempted in that semester exceed 18.5.
- In any course involving laboratory experience, credit by examination must be earned by separate examinations in the lecture and laboratory portions of the course.
- Courses requiring proficiency in specific methods and/or techniques (performance groups, supervision, and/or observations in the field) are excluded from any credit by examination.
- 6. The examination and its evaluation will

be a collective decision of the division faculty.

7. Part-time students must pay a \$25 non-refundable fee to the Business Office before an examination is given. Additionally, if the student passes the examination, he must pay to the Business Office the current per-semester-hour charge for the credit earned. Payment of all fees must be made to the Business Office prior to the recording of the grade on the student's transcript.

#### Academic Bankruptcy

A student who has earned poor grades may petition the Committee on Academic Affairs for academic bankruptcy for one complete term or for consecutive terms including all work prior to a given date. The bankrutpcy term(s) is noted on the student's transcript and the student forfeits credit for all courses during that term(s). Grades from the bankrupt period are not calculated in the student's grade point average, although they remain on the transcript.

To qualify for bankruptcy, a student must

demonstrate that:

1. poor performance for the term(s) for which bankruptcy is requested is not typical; that

2. poor performance was due to ex

tenuating circumstances; and that

3. the cause of the poor performance has been alleviated, and the student has demonstrated responsible scholarship.

Once bankruptcy status has been granted, the action is irreversible. A student may

request bankruptcy one time only.

Students who are granted bankruptcy may request a letter of explanation to accompany the transcript when sent to a prospective employer or to other institutions.

Certain colleges, universities, and professional schools will not honor a bankruptcy

policy.

## DIVISION OF EDUCATION AND SOCIAL SCIENCE

Professors: Bell (Chairperson), Henderson, Sims

Associate Professors: Billinger, Carter, R. Christopher, Ferguson, Funderburk, Veenstra Assistant Professors: Cauble, Connell, Hathaway, Merrill, Pipes, Randall, Sparks, Traynham,

Wooten

Instructors: Pickerill, Shadrick

The Division of Education and Social Science includes instructional offerings in education, geography, history, human services, physical education, political science, psychology, recreation, and sociology.

Baccalaureate degrees are offered in American Studies, Education (Early Childhood K-3, Intermediate 4-9, Music K-12 and Reading K-12), Human Services, Parks and Recreation Administration, and Social Sciences with emphasis in History (with the option to certify on the secondary level).

The American Studies major is an interdisciplinary exploration of the American experience from religious, aesthetic, historical, literary, and social dimensions. A generous number of electives is included for possible choice of a second major or concentration to provide greater flexibility for student choice. Only the Bachelor of Arts degree is granted in American Studies.

Majors in education are designed to provide students with an introduction to methods of teaching. Along with general education courses and comprehensive philosophical and methodological courses in education, courses in reading and learning disabilities are required to prepare students to meet the challenge of pupil differences. This program is committed to early identification of education majors and early observation and participation experience in the public schools.

Wingate's Social Science program with emphasis in history stresses the introductory courses of the several social sciences, their nature, and possible interrelations at a theoretical level, while several required history courses cover the major regions of the world. Students may obtain secondary certification in social studies in connection with this major. It provides maximum opportunity for interdisciplinary study and comprehensiveness in the social sciences and history.

Wingate's Human Services major is designed for students who choose careers working with people: serving the personal and interpersonal needs of both individuals and groups. This degree program emphasizes skills and attitudes necessary to become a practitioner in human service occupations ministry, church-related vocations, mental health, social work, and work with specific age groups (e.g., gerontology, child care, etc.). All courses are presented in an interdisciplinary manner with relevant Christian theological inquiry.

The Parks and Recreation Administration major prepares students for careers in community recreation programs, camps, parks, and other occupations related to leisure time. The planning, administration, supervision, and evaluation of recreational opportunities are covered.

Courses in history and political science offer students an opportunity to explore the historical development of human civilizations, human beings' attempt to understand and to structure social environments, and the values which undergird human relationships.

Through physical education courses, students are encouraged to develop an appreciation of physical activity and practices that maintain good health. Opportunities are provided for students to participate in a variety activities including team sports, dual sports, individual sports, and recreational activities. The college requirement in physical education is P.E. 101. Students may choose other physical education courses for elective credit.

## Requirements for music majors

Placement Audition. Persons wishing to pursue a music degree must audition for the music faculty on their principal instrument prior to their first semester of study at Wingate College. The purpose of the audition is to identify the performance level of the student.

Principal Performance Study. A student will

select one instrument (organ, piano, or voice) for concentrated study as per the requirements of the particular program of study in music being pursued.

The incoming vocal principal should be able to perform by memory, to sing on pitch, and to phrase musically. In addition, a rudimentary knowledge of piano is expected as displayed by the playing of a simple melodic line.

Entering keyboard students (piano and organ principals) should be able to demonstrate proficiency in playing scales and arpeggios (major and minor) and should have performed works such as the following: Bach-Inventions; sonatinas or sonatas by Clementi, Mozart and Haydn; Chopin-Preludes; Mendelssohn-Songs Without Words; and 20th century compositions.

Preparatory Performance Study. If deficiencies in the area of the student's principal instrument are identified by the music faculty during the placement audition, the student will be required to register for Preparatory Performance Study 111, 121, etc. until proficiency for Principal Performance Study 112 is attained.

A Theory Placement Examination is given to all entering students wishing to pursue a music degree. The exam includes the fundamentals of notation (pitch and rhythm), tonality, scales, interval and triad structure.

Performance Study Examinations. Each music student enrolled in private applied study will have a performance study examination at the end of each semester. Guidelines are available in the division chairman's office.

Performance Study Secondary. Each student (B.A., B.M., B.M.E.) must study four semesters on one instrument for four hours of credit. It is recommended that these hours be taken consecutively. B.M.E. students must have at least one semester of vocal study.

A student may pursue as a secondary instrument one of the following: organ, piano, voice; a string instrument, a single-reed woodwind instrument or brass instrument.

Piano Proficiency. Students pursuing the B.M., B.M.E., or B.A. in Music degrees must demonstrate proficiency in piano before graduating from Wingate College. (B.M.E. before pre-registering for student teaching). The proficiency standard is as follows:

 Sight read any hymn at an acceptable tempo.

- A repertoire number selected by the student.
- The accompaniment of an art song with a soloist also performing. The selection of the art song must be given prior approval by a member of the piano faculty.
- 4. Open-score reading of two lines (e.g. soprano and tenor, or alto and bass).
- Any major and minor scale, two octaves ascending and descending, hands together.
- 6. Harmonize a melody at sight.
- Play a hymn or patriotic song in three keys or be able to transpose a song selected by the examiners to two keys at sight.

The proficiency examination will be scheduled at the beginning and end of each semester. During each examination, the student must attempt all parts of the proficiency test.

Recital Performance Requirements. All students should perform one recital each semester on their principal instrument. The Performance Emphasis student will give a sophomore, junior, and senior recital (Music 220, 320, 420). The Church Music Emphasis student will give a senior recital. All students pursuing a degree in music with the exception of the Bachelor of Science Degree in Music-Business must present a "Junior Group". The person pursuing the Performance Emphasis will meet this requirement by giving a junior recital.

Recital Attendance Requirement. Students pursuing music degrees at Wingate College are expected to attend recitals and concerts presented on campus. For specific attendance requirements for each program of study, see the description of the course, Music 125 . . ., Recital and Concert Lab.

For students studying other academic fields, electives in art and music are offered. Also, Concert Choir, College Chorus, Band, and Orchestra give all students the opportunity to participate in performance ensembles.

Wingate College is an institutional member of the National Association of Schools of Music.

## **DIVISION OF HUMANITIES**

Lang Professor of History and Religion and Philosophy: Surratt Professors: Coleman (Chairperson), Barnes, Cowsert, Smith Associate Professors: Bagley, B. Christopher, Doak, Griffin, Hayes, Little, Stover, P. Thomas Assistant Professors: Lee, M. Thomas, Walker, Woodson

The Division of Humanities includes courses in English, Foreign Language, Journalism, Philosophy, Religion, Speech Communication, and Theatre Arts.

Baccalaureate degrees are offered in Communication Studies and Religious Studies.

The baccalaureate degree in Communication Studies offers an interdisciplinary major which focuses both on theories and techniques of pragmatic communication. Offering flexibility in career choice, the major provides opportunity for study in the areas of journalism, organizational communication, speech communication, and telecommunication.

The Religious studies program involves concentrated academic study in religion, emphasizing the Judaeo-Christian heritage and expression. Its stance is Christian, involving an openness to truth and meaning from any and all mediating sources or disciplines.

Courses in Foreign Language aim to give the basic skills with which the students can begin to communicate in a foreign language. Students also study the civilization and culture of each respective country.

Instruction in Foreign Language utilizes an electronic language laboratory to develop the student's ability in the basic skills of communication.

## **DIVISION OF SCIENCE AND MATHEMATICS**

Professor: Yarbrough (Chairperson)

Associate Professors: Hadden, Hall, Peeples, Plant

Assistant Professors: Adams, Fletcher, Gibson, Johnson, Kerr, Patterson, Rowe

The Division of Science and Mathematics includes instructional offerings in Biology, Chemistry, Engineering, Mathematics, Medical Assisting, Meteorology, and Physics. The Division offers programs of study leading to the baccalaureate degree in Biology, Mathematics, Mathematics/Business, and Pre-Engineering. An associate degree program is offered in Medical Assisting.

Students who major in Biology or Mathematics may earn certification to teach on the secondary level. (Those completing the Biology curriculum with secondary certification are certified to teach Biology and Chemistry). Science and mathematics courses are also offered to fulfill area concentration requirements in Intermediate Education. Students wishing to teach science or mathematics on the intermediate school level may pursue these courses as part of the Intermediate Education curriculum.

Medical Assisting is an associate degree program which provides intensive training in clinical skills and in administrative medical secretarial skills, as well as an introduction to the liberal arts. The program has been accredited by the American Association of Medical Assistants. Admission is competitive; following acceptance to Wingate, the applicant must be admitted to the Medical Assisting program. Criteria used in selecting

Medical Assisting students include class rank, above average school grades and positive performance in a personal interview.

The Pre-Engineering major includes all courses in science, mathematics, computer information systems, and liberal arts that should preface any professional engineering major. Guidance is given in entering the engineering college of the student's choice after three years at Wingate.

The Mathematics major prepares students for graduate work, teaching, or direct employment. Employment in a business capacity is directly addressed with the Business/Mathematics program.

The major in Biology is designed: (1) to prepare students for graduate work in any area of biological sciences: (2) to provide the basic science foundation necessary to entering professional programs in medical and paramedical fields; (3) to prepare students for direct entry into industrial and technological job markets; and (4) to provide certification for students wishing to teach at secondary and intermediate school levels.

In addition to these objectives, science courses provide students with the option of a scientific perspective, an awareness of the importance of science to modern man, and experience with analytical and investigative process.
